

General Safety Information**⚠ WARNING**

- When changing the oil, be careful that no oil gets on the disc brake rotor, brake pads, on the rim when using rim brakes, etc.
If oil gets on any of these parts, there is a danger that brake performance may be reduced. Take care of this problem according to the procedures in the brake instruction manual.
- Since there is a risk of explosion or fire, do not smoke, eat, or drink while using this oil. In addition, keep it away from ignition sources such as heat, sparks, open flames, or high temperatures and prevent it from catching fire due to static-electricity sparks or other sparks.
- Use only outdoors or in a well-ventilated area. Inhalation of oil mist or vapors may cause nausea. Be careful to provide ventilation and use a respirator-type mask.
If mist or vapor is inhaled by mistake, go immediately to an area with fresh air. Stay warm and quiet, and seek professional medical advice if required. If breathing stops, perform artificial respiration, and if breathing is difficult, provide the affected person with oxygen.

■ Cautions regarding handling of SG-S700 Oil

- Use safety glasses when handling, and avoid contact with eyes. Contact with eyes may result in irritation.
In the event of eye contact, flush with fresh water and seek medical assistance immediately.
- Use gloves when handling. Contact with skin may cause a rash and discomfort. In the event of skin contact, wash well with soap and water.
If skin condition becomes abnormal, seek medical assistance immediately.
- Do not drink the oil. If it is drunk by mistake, do not induce vomiting. Make the affected person drink 1 to 2 cups of water and seek medical assistance immediately.
If the affected person loses consciousness, do not give the person anything by their mouth. If vomiting occurs naturally, tilt the body to prevent inhalation.
- After use, be sure to wash hands thoroughly.
- When storing, close the container tightly to prevent water or foreign materials from entering. Store out of reach of children. Do not store in areas subject to direct sunlight, areas subject to temperatures above 40°C, areas subject to water or high humidity where rust is likely to occur, or in areas where there is a risk of freezing.
- Dispose of used oil, old oil, or oil used for cleaning in accordance with applicable local laws and regulations.
- To maintain the product in good working order, replace the oil after the first 1,000 km from the start of use of the product, and once every year thereafter (after every 2,000 km if bicycle is ridden frequently).
- When performing maintenance, use TL-S703. Please read the instructions included with TL-S703 before use.
- Read these instructions carefully, and keep them in a safe place for later reference.
