

# Di2 Adapter B

## IMPORTANT NOTICE

- Contact the place of purchase or a distributor for information on installation, adjustment, and replacement of the products which are not found in the user's manual. A dealer's manual for professional and experienced bicycle mechanics is available on our website (<https://si.shimano.com>).

**For safety, be sure to read this "user's manual" thoroughly before use, follow it for correct use, and store it so that it can be referenced at any time.**

The following instructions must be observed at all times in order to prevent personal injury and physical damage to equipment and surroundings. The instructions are classified according to the degree of danger or damage which may occur if the product is used incorrectly.

<b>⚠ DANGER</b>	Failure to follow the instructions will result in death or serious injury.
<b>⚠ WARNING</b>	Failure to follow the instructions could result in death or serious injury.
<b>⚠ CAUTION</b>	Failure to follow the instructions could cause personal injury or physical damage to equipment and surroundings.

## Important safety information

### ⚠ WARNING

- Do not disassemble or modify the product. This may cause the product to not operate correctly, and you may suddenly fall and be seriously injured.
- Do not connect to batteries other than BOSCH batteries. If this is not observed, bursting, overheating, or malfunction may occur.
- Also, check the manual for the BOSCH eBike system.

## Notice

- Do not keep connecting and disconnecting the small waterproof connector. Doing so may impair the waterproofing.
- The components are designed to be fully waterproofed to withstand wet weather riding conditions; however, do not deliberately place them into water.
- Do not clean the bicycle with a high-pressure washer. If water gets into any of the components, operating problems or rusting may result.
- Handle the components carefully, and avoid subjecting them to strong shock.
- Contact the place of purchase for updates of the component software. The most up-to-date information is available on the SHIMANO website.
- Do not use thinner or other solvents to clean the products. Such solvents may damage the surface.
- Be careful not to get water into the E-TUBE ports.

- Do not install near heat-emitting apparatus. There is a risk of the unit's temperature rising above the operating temperature range.
- If the operating temperature range has been exceeded, the unit will not be operational until the unit's temperature has returned to within the operating range.

<b>Operating temperature range</b>	-10°C - 50°C
<b>Storage temperature range</b>	-20°C - 70°C

- Products are not guaranteed against natural wear and deterioration from normal use and aging.
- For maximum performance we highly recommend SHIMANO lubricants and maintenance products.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## Regular inspections before riding the bicycle

Before riding the bicycle, check the following items. If any problems are found, consult your place of purchase or a distributor.

- Are the electric wires securely connected?
- Is gear shifting carried out smoothly?

## Names of parts

## Error code

If the error codes are displayed on the BOSCH display, contact the place of purchase

or a distributor.

Code	Details
ID700	The Di2 Adapter may have malfunctioned.
ID720	The BOSCH eBike Drive Unit is not compatible with the Di2 Adapter.
ID724	Rear shifting system adjustment failed.
ID725	An SEIS* which is not compatible with the Di2 Adapter may be currently connected.
ID726	SEIS* (shifting unit) may not be properly connected.
ID727	The Di2 shift switch may not be properly connected.
ID729	An assist switch compatible with SHIMANO STEPS is connected.
ID799	The BOSCH eBike Drive Unit software version is not supported.

\* SEIS: SHIMANO ELECTRONIC INTELLIGENT SYSTEM
