Note:

- How to check compatibility of third-party products:
  When connected to Shimano applications such as SHIMANO E-TUBE PROJECT Professional, E-TUBE PROJECT Cyclist, or SHIMANO CONNECT, the brand and product names of third-party partner devices (excluding wireless devices) are displayed.
- SHIMANO is not responsible for the performance guarantee or service of third-party products.
- SHIMANO does not guarantee the performance or service of third-party products.
  Exception: For certain third-party batteries, warranty service is available through Shimano authorized dealers.
  For details, please click here.
- The list in this document is based on information provided by each third-party partner and may differ from the actual conditions.
- Some products that were released some time ago may not be included in this document.
- Even if the compatibility between third-party products and SHIMANO products is listed as “-”, the compatibility may be updated later.

For more information, please contact the dealer of the bicycle equipped with a third-party partner product, the bicycle brand, or the third-party partner.
